Minit 39.06 sampai minit 39.50

Manage deleted files				Restore	Permanently delete	Empty trash
<input type="checkbox"/>	Title	Author	Similarity	Date added ↓		
<input type="checkbox"/>	Folder 2	-		Apr 13, 2023		
<input checked="" type="checkbox"/>	 The Goliath of the Sea.docx	Anegla Watts	 86%	Apr 13, 2023		

While it is possible to restore a file using the checkboxes, it is not possible to clear an individual file from the Trash. You must first restore the files you would like to keep, and then use Empty Trash as you usually would.

Emptying the trash will remove the file or folder completely from Turnitin. The files will be 'unindexed', meaning they won't be available to be matched against in other similarity reports.

AI detection in Turnitin

- <https://help.turnitin.com/ai-writing-detection.htm>

The screenshot displays a Turnitin report for a document from Universiti Teknologi MARA. The report shows an overall similarity of 38%. The sources listed are:

Rank	Source	Similarity
1	Muhamad Khairulnizam Zaini, Mo... CROSSREF	1%
2	uu.diva-portal.org INTERNET	<1%
3	bura.brunel.ac.uk INTERNET	<1%
4	etd.uum.edu.my INTERNET	<1%
5	SolBridge International School o... SUBMITTED WORKS	<1%
6	journals.sfu.ca	<1%

A tooltip over the 4th source indicates "AI writing detection unavailable". The report also shows a "38% Overall Similarity" badge and a "Flags" section with a "38% Overall Similarity" indicator. The document title is "MIM 780: INDEPENDENT STUDY".
